

The diagram is a detailed architectural site plan titled "PLAN UTWARDZENIA TERENU". It illustrates the layout of a building complex within a defined plot. The plan includes the following elements:

- Plot Dimensions:** The overall plot dimensions are 1800 units by 1460 units.
- Building Footprint:** The building is composed of several interconnected rectangular sections. Key internal dimensions include 800, 500, 300, 1500, 700, 200, 150, 600, 100, and 350 units.
- Orientation and Reference:** The plan is oriented with North (N) at the top. A dashed line labeled "A" indicates a boundary or road. A dashed line labeled "G" indicates a path or boundary. A dashed line labeled "F" is at the bottom left. A dashed line labeled "B" is at the top right.
- Labels and Markings:**
 - a:** Labels indicating specific areas or sections within the building footprint.
 - b:** Labels indicating specific areas or sections within the building footprint.
 - c:** Labels indicating specific areas or sections within the building footprint.
 - d:** Labels indicating specific areas or sections within the building footprint.
 - e:** Labels indicating specific areas or sections within the building footprint.
 - f:** Labels indicating specific areas or sections within the building footprint.
 - g:** Labels indicating specific areas or sections within the building footprint.
 - h:** Labels indicating specific areas or sections within the building footprint.
 - i:** Labels indicating specific areas or sections within the building footprint.
 - j:** Labels indicating specific areas or sections within the building footprint.
 - k:** Labels indicating specific areas or sections within the building footprint.
 - l:** Labels indicating specific areas or sections within the building footprint.
 - m:** Labels indicating specific areas or sections within the building footprint.
 - n:** Labels indicating specific areas or sections within the building footprint.
 - o:** Labels indicating specific areas or sections within the building footprint.
 - p:** Labels indicating specific areas or sections within the building footprint.
 - q:** Labels indicating specific areas or sections within the building footprint.
 - r:** Labels indicating specific areas or sections within the building footprint.
 - s:** Labels indicating specific areas or sections within the building footprint.
 - t:** Labels indicating specific areas or sections within the building footprint.
 - u:** Labels indicating specific areas or sections within the building footprint.
 - v:** Labels indicating specific areas or sections within the building footprint.
 - w:** Labels indicating specific areas or sections within the building footprint.
 - x:** Labels indicating specific areas or sections within the building footprint.
 - y:** Labels indicating specific areas or sections within the building footprint.
 - z:** Labels indicating specific areas or sections within the building footprint.
- Leveling and Elevation:** A leveling mark is shown as $\pm 0.00 = 192.85$.
- Other Features:** The plan includes various lines representing walls, paths, and boundaries, as well as small circles and arrows indicating specific details or directions.

Architectural drawing of a drainage system showing two manholes connected by a pipe. The drawing includes dimensions for the manholes, the connecting pipe, and the surrounding structure. The manholes are 18 units high and 9 units wide. The connecting pipe is 10 units high and 8 units wide. The surrounding structure is 23 units wide and 18 units high. The drawing is signed 'A. 1' and 'A. 2'.
